

ADVELLENCE<sup>III</sup>

the Advantage  
of Excellence

# IT-Services

## ECM Solutions

Consulting and implementation of solutions for internal processes and external communication.

- Web Content Management
- E-Commerce
- Enterprise Content Management
- Intranet / Extranet
- Collaboration
- Document Management
- Archiving
- PIM systems
- MAM systems
- GEVER / OXBA systems
- E-government solutions

## Software Solutions

Conceptual design, custom development and integration solutions.

- Individual software solutions
- Development support
- Product development
- Prototyping

## Integration Solutions

Conceptual design and development of technologies, individual components, databases and complex systems. These solutions are integrated seamlessly and allow systems to work together effectively.

- SAP interaction through portal solutions
- Integration platforms such as Microsoft BizTalk or SAP NetWeaver PI

- Enterprise Application Integration (EAI) as infrastructure for a Service Oriented Architecture (SOA) and Business Process Integration (BPI)
- Portal integration
- Middleware and Web Services
- Proprietary system connection to .NET systems topologies

## Business Intelligence Solutions

Conceptual design and solutions for planning, reporting, consolidation and analysis, as well as corporate performance management.

- System architecture and implementation of data warehouse solutions
- System architecture and implementation of analytical applications
- Data modelling
- Data management
- Master Data Management
- Reporting and analysis
- Planning and budgeting
- Data Mining

## SAP

SAP consulting, implementation, redesign and system harmonization.

- SAP ERP Easy Web Applications
- Release update (EHP, SP)
- Platform migration (hardware, OS/DB etc.)
- SAP and non-SAP integration (e.g. Solution Manager, middleware solutions)

# Consulting

## Process and Organisation Consulting

- Analysis, modelling and business process optimization
- Business requirements and IT solution design mapping
- Project and quality management
- Change management

## Technology and Architecture Consulting

- Development of IT strategies
- Development of specifications and solution concepts
- Evaluation of standard solutions
- Development of migration and implementation concepts
- Software architecture
- Turnaround management for critical software projects
- Quality management and reviews
- Evaluation of suitable technologies

## SAP Consulting

- Industry solutions: SAP MRO, SAP Waste and Recycling
- Modules: SAP FI/CO, PM/CS, MM/SD, HCM, PP, PS, BC
- Systems: SAP ERP, SAP CRM, SAP BW/SAP BO, SAP SRM

# Managed IT Services

## Outsourcing and Outtasking

- SAP outsourcing
- Groupware and collaboration
- Network

## Infrastructure and operations

- Housing and co-location
- Connect 7 x 24
- Managed services

## Continuity and compliance

- Advellence Application Continuity
- Advellence OnlineBackup

# Information Manager

Conceptual design and solutions based on the modular standard product Information Manager.

- Educational institution management
- Course and school management
- Address management
- Resource planning
- Event and task management
- Skills management
- Organisation of events and conferences
- Administration of Human Resources and Training departments

# Advellence's Core Competences

## Advellence

- Founded in 1998
- Owner-Managed Company
- Wallisellen (Zurich), Bern, Hamburg

## Methodological Competence

- Business modelling
- Requirements engineering
- Test engineering
- Quality assurance
- Project management
- Project management on behalf of customers
- Interdisciplinary project management

## Industry Focus

- Public Authorities
- Waste and Recycling
- Utilities
- Private and public vocational and advanced educational institutes
- Manufacturing and commerce
- Insurance and banking
- Flight operations, airlines and aircraft maintenance
- Telecommunications

## Technology Competences

- Microsoft .NET Framework
- Microsoft Silverlight
- Microsoft SQL Server
- Microsoft Office
- Microsoft SharePoint Server
- Microsoft BizTalk Server
- OXBA Framework / Gever Office
- SAP Basis Technology
- SAP NetWeaver
- Java development
- SAP ABAP development
- ELO Enterprise Content Management
- OpenText ECM Solutions
- QlikView
- Hybris

---

## Partnerships

Microsoft  
SAP  
OpenText  
HONICO Group  
ELO Digital Office  
QlikView  
Hybris  
Zurich Airport  
Sunrise
